We are not able to run a number of regular events, such as our swimming sports, due to covid restrictions. However, we do have a few extra activities taking place during school time for our students such as cricket training for our senior students this Thursday. Thankfully winter sports clubs are still able to operate – please see the advertisements in our community events. We recommend that covid regulations are adhered to when participating in sporting events - ask the organiser for a copy of their compliance plan.

We have also attached a flow-chart provided by CAPs Hauraki to help explain covid contact status.
