The first of these days is an initiative to improve the well-being of our students, which the John Kirwan Foundation is sponsoring. Mitey will work with us for three years, providing coaching and programme support. The second of these days is a Ministry of Education day, working with other Thames schools on what we expect to change in 2025. On these days, our teachers will have dedicated time to prepare for the new initiatives and continue their professional learning. Our school year has been extended to accommodate the change.
